The last **Saturday of April, the 26th from 9:00 a.m. to noon** has been designated as spring clean up day for the park at 450 South and 250 West.

**Volunteers** are always welcome to help shovel and spread mulch, clean up winter dead fall of limbs, and pick up litter. No advance notice needed. Just show up.

The **new pond** should be in fishing condition this spring. Last fall it was stocked with feeder fish: Bluegill, Readeare Sunfish, and Fathead Minnows. Some time this spring the Aquatic Control Company

will return to stock with Small Mouth Bass.

The Indiana Department of Natural Resources **requires a fishing license** to fish in the pond. Visit their website at <https://www.gooutdoorsin.com/login> to find out the rules and costs of various licenses.

Look for an update on the Shadeland Facebook page when the bass will be stocked.

The **Parks Committee meets at 6:30 p.m. the third Tuesday** each month at the Town Hall. Members of the public

are welcome to attend.

Over the winter the committee has been discussing topics like installing a walking path around the pond, benches along the path, the placement of a memorial sign for the Molter family who donated the land for the pond.

Look for progress on these projects in the months.
